A340 is ideal for quick start-up
of long-haul operations.

HiFly

Airbus A340

With a service range of 7.400 nautical miles, Airbus' A340-300 is tailored to meet the needs of the long-range market – offering direct point-to-point services. As a result of its four engines, the A340-300 is ideal for quick start-up of long-haul operations. It also has good 'hot and high' capability at airports that would be off-limits to other aircraft.
